

EXPORT PLANNING REPORT

Market Barometer

Product Code: HS842211

Dishwashing machines of the household type

Market: **United States**

Last figures: I quarter 2024

July 2024

TO SUCCEED IN
INTERNATIONAL MARKETS

Introduction

This report is aimed at supporting **market monitor** by tracking the real time progress of the industry's international major markets, using the performances of the main competitors as a benchmark.

In particular, quarterly trends of both total imports and imports by main competitors (partner countries) are documented and presented in the following standard way:

- a line graph, showing quarterly trend in imports, in the form of an index based on 2017;
- a detailed table, showing for each quarter:
 - level of the index based on 2017, in value of imports;
 - quarterly growth rate;
 - annual growth rate;
 - cumulative growth rate, the annual change, considering the sum of the previous quarters in the current year;
 - moving average growth rate, calculated considering the change in average value of the last four quarters.

Quarterly data presented in this report are obtained by calculating the average between import declaration of the market and export declarations of exporting countries.

Product Description

Data contained in this report represents an aggregate of the Combined Nomenclature codes shown in the left column of the following table. In order to provide an overview of the aggregation criteria used, categories similar to that of the products included in the Ulisse Product Code are shown in the "Description" column. The "Weight %" column indicates the percentage weight of each code of the Combined Nomenclature used in the aggregation. **This weight is determined by using the European Union structure of imports .**

CHAPTER 84 - NUCLEAR REACTORS, BOILERS, MACHINERY AND MECHANICAL APPLIANCES; PARTS THEREOF		
CATEGORIES: Dishwashing machines; machinery for cleaning or drying bottles or other containers; machinery for filling, closing, sealing or labelling bottles, cans, boxes, bags or other containers; machinery for capsuling bottles, jars, tubes and similar containers; other packing or wrapping machinery (including heat-shrink wrapping machinery); machinery for aerating beverages		
Code	Weight %	Description
Dishwashing machines		
8422 11 00	100	Of the household type
Other		
Machinery for cleaning or drying bottles or other containers

	Cumulative Year/Year (%)	+68.5%	.	.	.
	Moving Average (%)	-2.3%	.	.	.

Database

Information contained in this report is derived from the Ulisse Database, that was developed from the UN (Monthly Comtrade), Eurostat (db Comext) and US Census Bureau (db UsaTrade) databases. You can browse the data through the [**Analytics Section of Exportplanning.com**](#).

In this document monetary values are expressed in FOB (Free On Board) prices.

Methodological Note

Information contained in this report is the result of the following Data Mining Techniques:

- management of Missing Statements;
- management of Missing Measures;
- management of Outliers;
- nowcasting;
- seasonal adjustment procedure.
